

THE FLOORING SOLUTION FOR YOUR **FITNESS FACILITIES** PHYSIO

OUR FLOOR FOR **PHYSIOTHERAPY**

Gently does it:

A doubly accurate description for our REGUPOL everroll flooring, as its properties support both patients and therapists.

Patients benefit from the floor's slip resistance, unique feel and colourful design options. During therapy sessions, the body receives optimal support, relieving joint strain.

Our floor surface also supports the therapists. In their daily work, they spend a lot of their time on their feet. Our floor is pleasant to walk on and highly comfortable, benefiting both therapists and patients.
